

BELIEVE. GROW. ACHIEVE.

JOHN PAUL II ACADEMY

JOHN PAUL II ACADEMY
A SIENA CATHOLIC SCHOOL

AN EXEMPLARY SCHOOL

John Paul II Academy is a thriving Catholic School. Our legacy of strong academic achievement began over 100 years ago when the Racine Dominican Sisters opened their first school in conjunction with Sacred Heart Parish.

Today, John Paul II Academy is recognized by the Archdiocese of Milwaukee as an Exemplary School in Educating the Whole Student based on the National Standards and Benchmarks for Effective Catholic Elementary and Secondary Schools.

Earning this Exemplary Award means that during a rigorous application and review process we were found to have demonstrated innovation and outstanding results in educating the whole student.

EDUCATING OUR STUDENTS

John Paul II Academy believes it is important to educate the whole student. This includes the spiritual, intellectual, moral, physical, emotional, and social growth of each individual student.

This is accomplished through rich coursework including:

- Math
- Science
- Reading
- Language Arts
- Religion
- Social Studies
- Art
- Physical Education
- Spanish
- Guidance
- Music

Technology, including Chromebooks and iPads, is integrated throughout all core subject areas and is available to all students 4K through 8th grade.

We also have an extensive guided reading library that has many options to intrigue all readers.

BEYOND THE BOOKS

FAITH - Students begin their day with breakfast and morning prayer and pray again before lunchtime and at the end of the day. Mass is celebrated weekly, on Holy Days, and during other special occasions.

ACADEMIC SUPPORT - Our school has a full-time Learning Support Specialist who works to create lessons and courses tailored for our student's different levels.

FLEXIBLE SEATING - All of our classrooms offer flexible seating to meet the physical needs of our students.

EXTRACURRICULARS - After-school clubs and enrichment programs include scholastic competitions, peer tutoring, academic support, robotics, student council, choir, and athletics.

UNIQUELY JPIIA

We are thrilled to have a full-time licensed counselor on staff. Our counselor spends time in the classroom on a bi-weekly basis teaching all students social and emotional skills through the Second Step® program.

This program teaches students to become better equipped to manage their own emotions, form healthy relationships, make good decisions, and cope with everyday social and academic challenges, which in turn makes them better equipped to learn.

Also taught is the Virtue of the Month where the emphasis is placed on teaching a specific skill such as honesty, respect, gratitude, forgiveness, or discipline. Learning virtuous behaviors helps our students commit themselves to do the right thing regardless of the consequences, their urges, or desires. Thus, forming students who become agents of change for the good of society. These programs have positively affected our student self-concept as well as our school culture.

FAMILY INVOLVEMENT

We encourage our school families to be involved in their children's education and offer many opportunities to do so. Two of our favorite events are the math and literacy nights. These fun-filled evenings help families build an appreciation for both reading and math in addition to strengthening those vital skills.
