

Annual Notification Letter

Date: July 13, 2023

To: Staff, Students, and Parents

Subject: Annual Letter of Availability of Asbestos Management Plan

All Siena Catholic Schools of Racine have been inspected for asbestos-containing building materials by a State Certified Asbestos Inspector. A written management plan including the inspection report has been submitted to the State of Wisconsin Division of Health and reviewed for compliance with the Asbestos Hazard Emergency Response Act (AHERA) 40 CFR Part 763 effective December 1987.

The management plan describing the locations and conditions of known and assumed asbestos-containing building materials is available at the Siena Main Street Offices for anyone to review. Please contact Siena Catholic Schools of Racine, at (262) 800-1111 ext. 113 for assistance. If anyone requests a copy of the report, we will need the request in writing and a fee for the labor and duplication.

The EPA required three year re-inspection and 6 month periodic surveillances will be conducted by a State Certified Asbestos Inspector from AP Environmental, Inc.
